Interprofessional Continuing Education (IPCE) Meeting

- **What:** Network Education and Training (E&T) Leads and other E&T Points of Contact share current updates such as:
 - Accreditation updates/upcoming conferences
 - Continuing Education/Continuing Medical Education (CE/CME) events
 - CE/CME course metrics
 - Veteran Health Agency (VHA) CE updates
 - CE events promoted by guest speakers
- **When:** First Monday of every month

If you would like to be a guest speaker, reach out here:

dha.ncrj7.mbx.continuing-education-office@health.mil

Improving Health and Building Readiness. Anytime, Anywhere — Always

How to Obtain CE/CME Credits

Please visit www.dhaj7-cepo.com and complete the following steps to obtain CE/CME credit:

Login with your
username and password
or register

Search for your course using
the **Catalog, Calendar,** or
Find a course search tool

Click on the
Register/Take Course tab

Post Test Instructions

Follow onscreen prompts to complete
post-activity assessments

Receive an **80% or above** on
the posttest

Print your certificate and
transcripts

For support, email dha.ncr.j7.mbx.cepo-cms-support@health.mil

Improving Health and Building Readiness. Anytime, Anywhere — Always

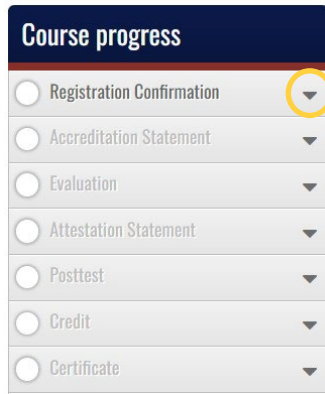

How to Complete a Course

After you register for a course and click the “Take Course” button, a “Course progress” menu will appear

- Advance through the “Course Progress” menu steps in sequence, from top to bottom, to complete the course requirements.
- At the “Credit” step, select your CE/CME credit type(s).
- At the “Certificate” step, access and download your CE/CME certificate.

1. To begin an activity, click the menu button's down arrow.

2. Then, click on the newly revealed “Start” button.

Once an activity is complete, the “Start” button is replaced by a “Review” button, and the next menu step becomes activated.

3. Click the next steps down arrow to begin the next activity.

For support, email dha.ncr.j7.mbx.cepo-cms-support@health.mil

Are you looking to become a CEPO content reviewer?

CEPO is looking for content reviewers in the following professions who will assist with **providing a content review for a variety of Continuing Education (CE)/Counting Medical Education (CME) activities** throughout the year:

If you are interested in volunteering, please send your CV here:
dha.ncr.j7.mbx.continuing-education-office@health.mil

Physicians, Physician Associates, Nurses, Pharmacists/Pharmacy Technicians, Psychologists, Social Workers, Certified Counselors, Occupational Therapists, Occupational Therapy Assistants, Physical Therapists, Physical Therapist Assistants, Case Managers, Dentists, Dental Assistants, Dental Technicians, Kinesiotherapists, Optometrists, Speech Language Pathologists, Audiologists, Athletic Trainers, Dietitians, Health Informatics Professionals, and Healthcare Executives

Combating Trafficking in Persons (CTIP) Healthcare and Human Trafficking

Computer Based Training (CBT)

CTIP-HC-US016

Accredited through
April 7, 2025

Overview

Healthcare providers are often the first point of contact for victims of human trafficking. They must be able to identify the signs and indicators of human trafficking in a DoD hospital or healthcare setting and respond effectively. This specialized training addresses issues not found in general trainings on human trafficking. At completions of the course content on JKO, the learner will view the **How to Obtain CE Slide** with steps to register and complete the CE/CME requirements.

Faculty:

DoD Combating Trafficking in Persons (CTIP) Program Management Office - has no financial/nonfinancial disclosures

Register here:

<https://www.dhaj7-cepo.com/content/jko-ctip-hc-us016-combating-trafficking-persons-dha-healthcare-providers>

Learning Objectives:

1. Describe what constitutes human trafficking in the United States, and more particularly in the U.S. Department of Defense
2. Understand the general health implications of human trafficking
3. Identify signs and indicators of human trafficking, especially in the context of the Department of Defense DHA facilities
4. Utilize a trauma-informed, victim-centered, multi-disciplinary approach
5. Deliver appropriate services to trafficking victims and survivors
6. Discuss emerging issues in health and human trafficking including mandatory reporting, electronic record-keeping, and the new ICD codes for sex trafficking and labor trafficking

Target Audience

Physicians (ACCME) • Physician Assistants (AAPA) • Nurses (ANCC) • Optometry (ARBO/COPE) • Dental professionals (ADA) • Psychology (APA) • Social Workers • Pharmacists/Pharmacy Technicians (ACPE) • Healthcare Executives (ACHE) • And other health care professionals

This Continuing Education (CE)/Continuing medical Education (CME) activities is provided through DHA, J-7, CEPO and is approved for 1.0 CE/CME credit.

To register, participate and complete the posttest and evaluation, please visit the following link:

You have 14 days after the program to complete the posttest and evaluation to earn your CE certificate.

For more information, please contact: dha.ncr.j7.mbx.continuing-education-office@health.mil

Participation Costs:

There is no cost to participate in this activity.

Cancellation Policy:

You will be notified via email if the activity is cancelled.

Commercial Support:

There is no known commercial support for this activity.

Relias offers free CME courses for your profession!

Step 1. Update your professional license & certification information

Step 2. Go to the Course Library; set filters for your profession and the Preferred CEU or State licensing board name.

For example: ACCME – Accreditation Council for Continuing Medical Education; Physician

3. Enroll in and complete the desired courses

4. When completed, the course will provide a certificate of completion and CE credits from your selected board that you can email or download.

Possible courses include:

Advance Care Planning: The National POLST	0.5 CME
Crisis Management for Healthcare Professionals	0.5 CME
Treatment of Rattlesnake Bites	0.5 CME
Economic Stability as a Social Determinant of Health	0.5 CME
Emergency Burn Management	1 CME
Thoracentesis Principles	1 CME
Diabetic Foot Ulcers	1 CME
Risk Factors and Treatment Options for Bladder Cancer	1 CME
Heart Blocks, Junctional Rhythms, and STEMI	1 CME
Healthcare Fraud: What You Need to Know	1 CME
Payer Perspective: Comorbidity Management	1 CME
Acute Stroke: Understanding and Using the NIHSS	1.25 CME
Managing Mechanical Ventilation	1.25 CME
Moderate Sedation Practices	1.25 CME
Managing Peripheral Artery Disease	1.25 CME
Recognizing Misuse or Abuse of Controlled Substances	1.25 CME
Understanding Chemistry Lab Values	1.25 CME
Management of Generalized Anxiety and Related Disorders	1.25 CME
Pediatric Pain Management: Treatment	1.5 CME
Controlled Substances: Drug Diversion, SUD, and Pain Management	3.75 CME

And don't forget to download the Relias app on your phone and enroll in the courses you want to take!

Once you have logged into the app, it will take you to your enrolled courses. You can complete them anywhere, anytime! It will even allow you to email your CME certificates to your health.mil account!

“

Thank you for an excellent presentation and great management of the tech side. These are better CE presentations than most--very high standard and I look forward to them every time.

”

“

The training was well-organized, clear, and engaging. One of the best Zoom trainings I have attended. I enjoyed the polls and questions asked in Chat so we could participate and get more out of the training. I learned tools that I can apply right away.

”

“

Every CDP [webinar] experience has been wonderful, professional, enlightening and productive. It leaves me with something new to support others better.

DHA, J-7, HIV Pre-exposure Prophylaxis for the Primary Care Manager

Computer Based Training (CBT) JKO DHA-US1318

Overview

This computer-based training/course will address “HIV Pre-exposure prophylaxis for the Primary Care Manager”

Learning Objectives:

1. Apply DHA-Procedural Instruction (PI) 6025.29 requirements and updated 2021 Centers for Disease Control & Prevention/U.S. Public Health Service Clinical Practice Guidelines recommendations.
2. Outline how to prescribe medication regimens that are proven safe and effective for HIV-negative patients who meet recommended screening criteria for PrEP initiation to reduce their risk of HIV acquisition.
3. Educate providers about HIV PrEP medications, side effects, contraindications, and Food & Drug Administration-approved regimens to maximize safe use.
4. Identify techniques to provide support for medication adherence to help patients achieve and maintain protective levels of medication in their bodies.
5. Describe HIV risk reduction techniques, prevention services, and/or infectious diseases specialist referral resources.
6. Identify recommended schedule for monitoring patients to detect HIV infection, medication toxicities, and levels of risk behavior to make indicated changes in strategies to support patients' long-term health.

Target Audience

Physicians (ACCME) • Physician Assistants (AAPA) • Nurses (ANCC) • Pharmacists/Pharmacy Technicians (ACPE) • And other health care professionals

This Continuing Education (CE)/Continuing medical Education (CME) activities is provided through DHA, J-7, CEPO and is approved for 1.0 CE/CME credit.

To register, participate and complete the posttest and evaluation, please visit the following link: <https://www.dhaj7-cepo.com/content/jko-dha-us1318-human-immunodeficiency-virus-hiv-pre-exposure-prophylaxis-prep-primary-care>

You have 14 days after the program to complete the posttest and evaluation to earn your CE certificate.

Ready Reliable Care: DHA's Journey to High Reliability

Accredited
through
October 9,
2025

Overview

This activity will be available on JKO (DHA US1216) for all DHA personnel. The DHA's efforts to become a high reliability organization has led to the creation of the Ready Reliable Care model, which adopts the application of Domains of Change and Principles.

Learning Objectives

1. Define the goal of high reliability and its impact on health care
2. Explain the concepts of Ready Reliable Care (RRC) and a High Reliability Organization (HRO)
3. Recall the Domains of Change and Principles of RRC
4. Describe examples of RRC Domains of Change and Principles

Target Audience

Physicians (ACCME) • Physician Assistants (AAPA) • Nurses (ANCC) • Psychologists (APA) • Pharmacists/Pharmacy Technicians (ACPE) • Social Workers (ASWB) • Healthcare executives (ACHE) • And other Defense Health Agency health care professionals earn a certificate of attendance

This Continuing Education (CE)/Continuing Medical Education (CME) activity is provided through DHA, J-7, CEPO and is approved for 1.00 CE/CME credit.

To register, participate and complete the posttest and evaluation, please visit the following link: <https://www.dhaj7-cepo.com/content/jko-ready-reliable-care-dhas-journey-high-reliability>

You must complete the posttest and evaluation to earn your CE/CME certificate.

For more information, please contact: dha.ncr.j7.mbx.continuing-education-office@health.mil

Participation Costs:

There is no cost to participate in this activity.

Cancellation Policy:

You will be notified via email if the activity is cancelled.

VHA WHOLE HEALTH COACHING

The virtual Whole Health Coaching course integrates principles of change theory and practice to support Veterans in realizing their health potential.

TIME COMMITMENT:

Pre-Course Orientation - 1 hr
Session 1 - 25 hrs
Between session Triad Calls - 6 hrs
Session 2 - 24 hrs
Asynchronous Learning - 5 hrs
Session 3 - 25 hrs
Post-Course Triad Calls - 6 hrs
Asynchronous Learning - 15 hrs

COURSE FORMAT:

Virtual learning (Zoom)
Class discussion
WH coaching practice
Skills practice
Small groups

*Daily tech support will be available

COURSE ACCREDITATION:

NBHCW

Participants wishing to receive CEUs and a certificate of completion required for their application for NBC-HWC certification must attend all three weeks of training (75 hrs), all 12 hours of triad practices, and all 20 hours of asynchronous training.

LEAVE WITH THE SKILLS TO:

- Assist the Veteran in developing a personalized health plan that is based on what matters most to the Veteran; the plan is based on the Veteran's own goals, values, preferences, and lifestyle. The agenda is the Veteran's.
- Partner with the Veteran with proactively taking action toward behavior change that is present and future-oriented.
- Recognize that health is much broader than the absence of disease. The emphasis is on health enhancements/strengths rather than disorders/weaknesses.
- Support the Veteran in achieving their standard of optimal health that takes into account the mental, physical, and social well-being of the Veteran.

Veterans Integration to Academic Leadership (VITAL) What to Expect From Your VA VITAL Service

U.S. Department
of Veterans Affairs

The mission of VITAL is to provide world-class healthcare to improve the overall mental health of Veterans while supporting their successful integration into college and university campuses through seamless access to VA healthcare services and on-campus clinical counseling. VITAL provides care coordination and promotes positive cohesion between Veterans and the entire learning community through campus and community education and training.

ELIGIBILITY

- Veterans who meet VHA eligibility criteria for healthcare services are eligible to receive VITAL services

CLINICAL SERVICES

- Seamless access to VA healthcare services and on-campus clinical counseling;
- Provide evidence based on-campus mental health counseling by a licensed mental health provider
- Facilitate on-campus enrollment into VA programs
- Develop individualized treatment plans and education goals with Veterans to improve successful academic and social integration
- Collaborate with existing campus mental health providers or counseling centers

CARE COORDINATION SERVICES

- Provide efficient care coordination of all available services;
- Connect Veterans with VA, campus and community resources and assist them in navigating those services to support their educational success and overall wellness.
- Educate student Veterans on benefits available to them

EDUCATION AND TRAINING SERVICES

- Promote positive cohesion between Veterans and the entire learning community through campus and community clinical education and training;
- Provide educational trainings on military culture and specific mental health topics such as PTSD, anxiety, etc., to increase awareness about student Veterans needs and strengths

For more information and a listing of VITAL program sites visit the VA College Toolkit:

<https://www.mentalhealth.va.gov/student-veteran/>

Lifesaving at a Glance

SEPTEMBER 2024 | EDITION 9

health.mil/militaryblood

SPOTLIGHT: Farewell CAPT Janet Cliatt, USPHS

CAPT Janet Cliatt began terminal leave 1 September. We appreciate all the work she has done over the years.

CAPT Cliatt has been instrumental in managing operations at the ASBP. She always made herself available to ALL of the staff, often providing history, guidance and regulation. She was the continuity for the organization and often was an interim POC for many of the GS vacancies we experienced in the office.

Her upbeat personality, big smile and desire to help others has placed CAPT Cliatt high on our list of favorite people.

She will be in terminal leave 1 Sept – 31 Dec and formally retire 1 Jan 2015. The office recently held a luncheon in her honor. Luncheon photos on page 4.

FDA UPDATE

HEALTHY ATHLETE and FDA PULSE DONOR ELIGIBILITY

So, what is updated?

- 1.) A blood center physician can manage donor blood pressure measurements outside the specified limits via phone or off-site consultation.
- 2.) Donors with a low pulse who are "healthy athletes" or have an irregular pulse, may donate without consultation of a responsible physician.

See full article at:

<https://www.bloodeducation.com/post/healthy-athlete-and-fda-pulse-donor-eligibility>

Congratulations to the ASBBC-Pacific Northwest Team!!

Congratulations to the ASBBC-Pacific Northwest for winning the 2024 SAFMLS Outstanding Laboratory Team of the Year and the 2024 Air Force Surgeon General 2nd Quarter Team Award. Both achievements highlight the hard work and excellence the ASBBC-PNW brings to the ASBP every day.

Congratulations to ASBBC-Pacific Northwest Quality Assurance NCO SSgt Ariana Rodriguez for winning the 2024 SAFMLS Outstanding Enlisted Service Member of the Year. The award recognizes significant contributions by enlisted members in the grade of E-5 through E-9 who have excelled in clinical laboratory operations, laboratory management, with special emphasis on advancing the growth and professional goals of SAFMLS and the practice of clinical laboratory medicine.

OPIOID PRESCRIBER SAFETY TRAINING (OPST)

Background	This 3-hour program is an updated version of the 2020 Defense Health Agency (DHA) OPST course integrating the latest guidelines, policies, and issuances related to DHA safe opioid prescribing, substance use disorders, and pain management. The training was designed by DHA subject matter experts to better equip DHA providers and staff with the skills to improve patient outcomes for safe opioid prescribing, substance use disorders, and pain management.
Complete	Complete the course (DHA -USI 176-DHA Opioid Prescriber Safety Training) on Joint Knowledge Online (JKO) https://jkodirect.jten.mil
Obtain CE/CME	Use the “How to Obtain CE/CME” information at the end of the course in JKO (also included in the JKO course’s graduation email), to visit https://www.dhaj7-cepo.com/ to acquire 3.0 CE/CMEs
Target Audience	This activity provides continuing education credit for physicians, nurses, physician assistants, pharmacists, pharmacy technicians, and dentists. A certificate of attendance is also available for other attendees.
