## Leadership

Felicia Truong, EdD, PMP, DASM  
Acting Division Chief,  
Executive Skills, Continuing  
Education, and Libraries

Alna Gopez, MSN, BSN,  
RNC-OB  
Training Specialist, J-7  
Education and Training

Amelia Schoenbeck, MBA  
Program Manager

## Administrative Support

Hayley Aguayo, MPM  
Senior Program Analyst

Jasmine Adams, MPP  
Senior Research Analyst

## Clinical Subject Matter Experts (SME)

Miesha D. Scott, DSW,  
LCSW-C  
SME: Social Worker

Jannelle S. Barrow,  
MSPT  
SME: Physical Therapist

LaDonna S. King, MSOT,  
OTR/L  
SME: Occupational Therapist

Catherine A. McKiernan,  
M.S. CCC-SLP  
SME: Speech Language  
Pathologist

Natalie Regis,  
DNP, MSN, RN  
SME: Nurse

Jennifer Grey  
Buenaventura Abarca,  
MSN, RN  
SME: Nurse

Jeremy R. Bowman, M.S.  
Senior Information Engineer

Melissa A. Campbell, M.Ed.  
Information Engineer

## Technical Support Team

## Interprofessional Continuing Education (IPCE) Meeting

### Join CEPO and healthcare education providers across MHS to discuss...

- Accrediting organization updates and conferences
- Continuing Education opportunities
- Veteran Health Agency CE updates
- Best practices for interprofessional continuing education
- Featured topics by guest speakers

**Upcoming Date:** 01 June 2026 at 9:30 AM ET on MS Teams

To attend or be a guest speaker, email us at  
[dha.ncr.j7.mbx.continuing-education-office@health.mil](mailto:dha.ncr.j7.mbx.continuing-education-office@health.mil)

# Are you looking to become a CEPO content reviewer?

CEPO is looking for content reviewers in the following professions who will assist with **providing a content review for a variety of continuing education (CE)/continuing medical education (CME) activities** throughout the year:

*If you are interested in volunteering, please send your resume/CV to [dha.ncr.j7.mbx.continuing-education-office@health.mil](mailto:dha.ncr.j7.mbx.continuing-education-office@health.mil)*

A person wearing a military camouflage uniform is shown from the chest down, holding a black pen and writing on a white document. The background is slightly blurred, showing what appears to be a filing cabinet or shelves with papers.

Physicians, Physician Associates/Physician Assistants, Nurses, Pharmacists/Pharmacy Technicians, Psychologists, Social Workers, Certified Counselors, Occupational Therapists, Occupational Therapy Assistants, Physical Therapists, Physical Therapist Assistants, Case Managers, Dentists, Dental Assistants, Dental Technicians, Kinesiotherapists, Optometrists, Speech Language Pathologists, Audiologists, Athletic Trainers, Dietitians, Health Information Professionals, and Healthcare Executives

# Offer CE Credit at your Next Educational Event

The Continuing Education Program Office accredits  
CE activities via the CE Activity Application

Education coordinators can submit an application at  
<https://www.dhaj7-cepo.com/content/cepo-ce-activity-application>

For more information, please email CEPO at [dha.ncr.j7.mbx.cepo-cms-support@health.mil](mailto:dha.ncr.j7.mbx.cepo-cms-support@health.mil)

# Clinical Communities Speaker Series (CCSS) Upcoming Activities

CCSS events are designed to **address the professional practice gaps of learners to improve the care that health care professionals deliver**. These educational series are intended to achieve results that reflect a **change in skills, competence, and performance** of the healthcare team.

September 24, 2026

*Emails from TBICoE are disseminated monthly.*

# Hormone Therapy Unlocked Series

## Home Study

Part 1: Hormone Therapy Unlocked:  
Overcoming Barriers to Better Care  
*1.50 CE/CME credits*

Part 2: Hormone Therapy Unlocked:  
Case Studies in Diagnosing and  
Managing Hypoactive Sexual Desire  
Disorder and Menopausal Hormone  
Therapy  
*1.50 CE/CME credits*

Course available here:

[https://www.dhaj7-  
cepo.com/content/hormone-therapy-  
unlocked](https://www.dhaj7-cepo.com/content/hormone-therapy-unlocked)

### Presenters:

- *Air Force Lt. Col Samantha Simpson, M.D.*
- *Retired Air Force Col. Christine Hart Kress, DNP, APRN, WHNP-BC, MSCP*
- *Rebecca Hertel, DO, MSCP*
- *Aoife O'Sullivan, M.D., NCMP*
- *Heather Quaille, DNP, WHNP-BC, AFN-C, CSC, I.F., FAANP*

**Earn up to 3.00  
CE/CME credits!\***

\*Only MHS personnel are eligible to claim CE credits from CEPO

# BRAIN INJURY AWARENESS

## HEADS UP

- Hearing and balance injuries are common among service members
- Your hearing can be damaged by blasts, brain trauma, jet fuel, or long-term noise exposure
- You may or may not have hearing loss, so get it checked anyway
- See your doctor or hearing conservation manager for more information

# Join the Lifestyle and Performance Medicine (L&PM) Coalition of the Interested

## Step 1:

**JOIN THE L&PM  
COI and the  
Distro list:**

<https://forms.gle/ATCPWEcobKyWJSs48>

Note that this Google Forms site may have to be accessed from a personal device

## Step 2:

**Create free ACLM  
account:**

<https://lifestylemedicine.org/>

Note that creating a free ACLM account does not require purchase of an ACLM membership and allows complimentary access to resources including our Military L&PM Community

## Step 3:

**Request to join Military  
Lifestyle & Performance  
Medicine Community in  
ACLM Connect:**

<https://connect.lifestylemedicine.org/home>

# September 2025 Clinical Communities Speaker Series

## Home Study

*Healthcare Innovation and Readiness: Empowering Change and Resilience in Global Care Delivery*

### Topics:

- *Adopting and Expanding the Ethical Principles for Generative Artificial Intelligence from Military to Healthcare*
- *Blood, Beds, and Plasma: Urgent Needs for the Future Operating Environment*
- *Evolution of Telesurgery During the Robotic Surgery Renaissance and its Ethical Considerations*
- *Integrated Human Performance; Delivering Care and Capability in Constrained Environments*
- *Understanding and Assessing Military Environmental Exposures*
- *Stem Cell Implants: Emerging Innovation for Stroke Recovery*

**Course available until  
August 31, 2026!**

**Earn up to 6.5  
CE/CME credits!**

\*Only MHS personnel are eligible to claim CE credits from CEPO

Register here: <https://www.dhaj7-cepo.com/content/2025-sep-ccss-hs>

# CDP

### Free CEs

**CDP PRESENTS**  
MONTHLY WEBINAR SERIES

<https://deploymentpsych.org/webinars>

#### Attendee Testimonials

“

Thank you for an excellent presentation and great management of the tech side. These are better CE presentations than most--very high standard and I look forward to them every time.

”

“

The training was well-organized, clear, and engaging. One of the best Zoom trainings I have attended. I enjoyed the polls and questions asked in Chat so we could participate and get more out of the training. I learned tools that I can apply right away.

”

“

Every CDP [webinar] experience has been wonderful, professional, enlightening and productive. It leaves me with something new to support others better.

”

## VHA WHOLE HEALTH COACHING

The virtual Whole Health Coaching course integrates principles of change theory and practice to support Veterans in realizing their health potential.

### TIME COMMITMENT:

Pre-Course Orientation - 1 hr  
Session 1 - 25 hrs  
Between session Triad Calls - 6 hrs  
Session 2 - 24 hrs  
Asynchronous Learning - 5 hrs  
Session 3 - 25 hrs  
Post-Course Triad Calls - 6 hrs  
Asynchronous Learning - 15 hrs

### COURSE FORMAT:

Virtual learning (Zoom)  
Class discussion  
WH coaching practice  
Skills practice  
Small groups

\*Daily tech support will be available

### COURSE ACCREDITATION:

NBHWC

Participants wishing to receive CEUs and a certificate of completion required for their application for NBC-HWC certification must attend all three weeks of training (75 hrs), all 12 hours of triad practices, and all 20 hours of asynchronous training.

### LEAVE WITH THE SKILLS TO:

- Assist the Veteran in developing a personalized health plan that is based on what matters most to the Veteran; the plan is based on the Veteran's own goals, values, preferences, and lifestyle. The agenda is the Veteran's.
- Partner with the Veteran with proactively taking action toward behavior change that is present and future-oriented.
- Recognize that health is much broader than the absence of disease. The emphasis is on health enhancements/strengths rather than disorders/weaknesses.
- Support the Veteran in achieving their standard of optimal health that takes into account the mental, physical, and social well-being of the Veteran.

## Veterans Integration to Academic Leadership (VITAL) What to Expect From Your VA VITAL Service

The mission of VITAL is to provide world-class healthcare to improve the overall mental health of Veterans while supporting their successful integration into college and university campuses through seamless access to VA healthcare services and on-campus clinical counseling. VITAL provides care coordination and promotes positive cohesion between Veterans and the entire learning community through campus and community education and training.

### ELIGIBILITY

- Veterans who meet VHA eligibility criteria for healthcare services are eligible to receive VITAL services

### CLINICAL SERVICES

- Seamless access to VA healthcare services and on-campus clinical counseling;
- Provide evidence based on-campus mental health counseling by a licensed mental health provider
- Facilitate on-campus enrollment into VA programs
- Develop individualized treatment plans and education goals with Veterans to improve successful academic and social integration
- Collaborate with existing campus mental health providers or counseling centers

### CARE COORDINATION SERVICES

- Provide efficient care coordination of all available services;
- Connect Veterans with VA, campus and community resources and assist them in navigating those services to support their educational success and overall wellness.
- Educate student Veterans on benefits available to them

### EDUCATION AND TRAINING SERVICES

- Promote positive cohesion between Veterans and the entire learning community through campus and community clinical education and training;
- Provide educational trainings on military culture and specific mental health topics such as PTSD, anxiety, etc., to increase awareness about student Veterans needs and strengths

For more information and a listing of VITAL program sites visit the VA College Toolkit:

<https://www.mentalhealth.va.gov/student-veteran/>

# What Audiologists do to Keep You **Healthy**

- Conduct hearing exams
- Fit you with hearing protectors
- Provide hearing education & training
- Assess & treat hearing issues
- Provide consultation on noise-hazardous areas
- Monitor your hearing health

## AUDIOLOGY AWARENESS

# BRAIN INJURY AWARENESS

## HEAD INJURY?

Seek medical help if you have these warning signs:

### HEARING

- Dizziness
- Ringing, buzzing or other sounds in your ears or head
- Trouble hearing words in noisy environments

### VISION

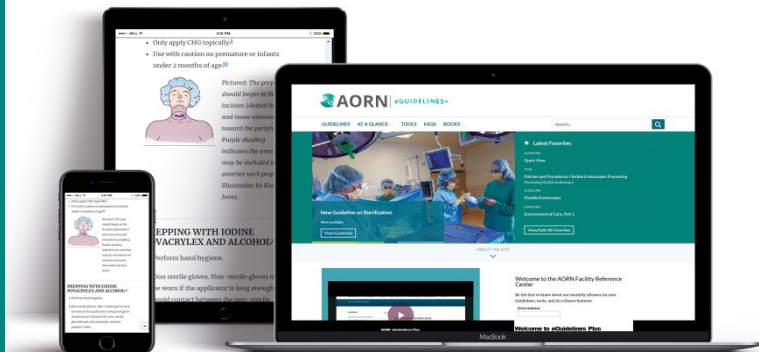

- Dizziness
- Blurry or double vision
- Trouble reading
- Flashes and/or floaters

# TBICoE Clinical Recommendation Trainings

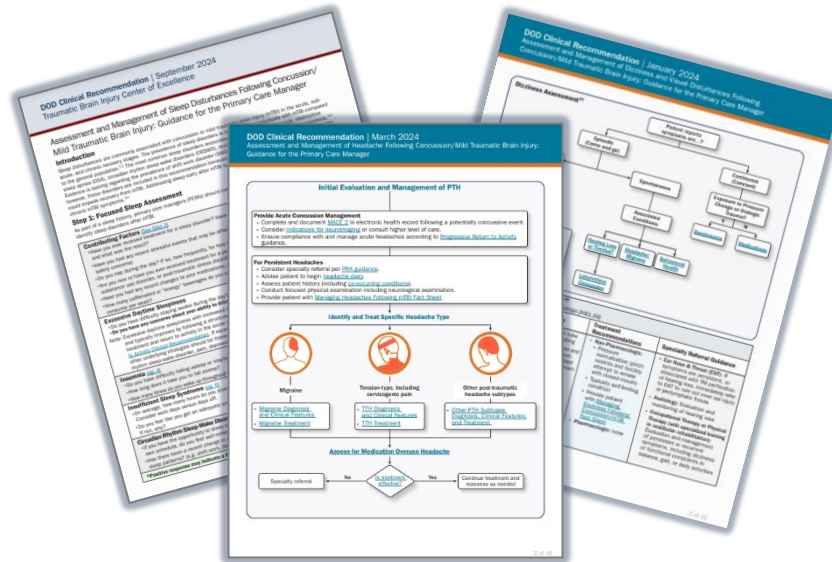

Assessment of Dizziness & Visual Disturbances Following Concussion\*

Management of Sleep Disturbances Following Concussion\*

Neuroimaging Following Concussion

Management of Headache Following Concussion for Non-Primary Care Managers\*

CE/CME credits offered

For training dates and times on the above events, visit [health.mil/tbicoeevents](https://health.mil/tbicoeevents).

For any questions or to schedule alternative dates, please email [dha.TBICoEDissemination@health.mil](mailto:dha.TBICoEDissemination@health.mil).

# OPIOID PRESCRIBER SAFETY TRAINING (OPST)

Email questions to:  
[dha.ncr.j7.mbx.continuing-education-office@health.mil](mailto:dha.ncr.j7.mbx.continuing-education-office@health.mil)

Background	This 3-hour program is an updated version of the 2020 Defense Health Agency (DHA) OPST course integrating the latest guidelines, policies, and issuances related to DHA safe opioid prescribing, substance use disorders, and pain management. The training was designed by DHA subject matter experts to better equip DHA providers and staff with the skills to improve patient outcomes for safe opioid prescribing, substance use disorders, and pain management.
Complete	Complete the course (DHA -USI 176-DHA Opioid Prescriber Safety Training) on Joint Knowledge Online (JKO) <a href="https://jkodirect.jten.mil">https://jkodirect.jten.mil</a>
Obtain CE/CME	Use the “How to Obtain CE/CME” information at the end of the course in JKO (also included in the JKO course’s graduation email), to visit <a href="https://www.dhaj7-cepo.com/">https://www.dhaj7-cepo.com/</a> to acquire 3.0 CE/CMEs
Target Audience	This activity provides continuing education credit for physicians, nurses, physician assistants, pharmacists, pharmacy technicians, and dentists. A certificate of attendance is also available for other attendees.

## ***Collaborative Auditory Vestibular Research Network (CAVRN): “Speech in Noise as an Effective Outcome Measure”***

**Save the Date** - July 27, 2026

11:00 a.m. – 2:30 p.m. ET

### **TOPICS AND TENTATIVE AGENDA**

This virtual meeting, hosted and led by the Defense Health Agency’s (DHA) Hearing Center of Excellence (HCE), will feature researchers from DHA and academia presenting their use of speech-in-noise testing to directly assess patients’ ability to function in challenging, real-world environments. Speech-in-noise tests can often reveal hearing limitations that are not captured by standard audiograms.

#### **Presenters**

**Dr. Doug Brungart**, Senior Scientist, National Military Audiology and Speech Pathology Center, Walter Reed National Military Medical Center

**Dr. Alyssa Davidson**, Research Audiologist, Walter Reed National Military Medical Center

**Dr. Tess Koerner**, Research Investigator and Audiology, National Center for Rehabilitative Auditory Research

**Dr. Aravind Parthasarathy**, Assistant Professor, Communication Science and Disorders, University of Pittsburgh

**Dr. Catherine Palmer**, Department Chair, Communication Science and Disorders, University of Pittsburgh

#### **Content Overview**

- Review the current scientific understanding of speech perception in noisy environments.
- Explore various speech-in-noise tests, including their advantages and limitations.
- Examine practical examples of using speech-in-noise tests to assess hearing function in patients with hearing impairment.
- Discuss the integration of speech-in-noise testing knowledge into contemporary clinical practice.

#### **TARGET AUDIENCE**

- DoW and VA Auditory System Researchers • Audiologists • Otolaryngologists • Speech Language Pathologists • Other health care allied professionals

Registration will open closer to the event.

We anticipate and will announce when 2.5 Continuing Education (CE) credits are approved for this activity through the DHA J-7 Continuing Education Program Office (<https://www.dhaj7-cepo.com/content/continuing-education-program-office>),

#### **Participation Costs:**

There is no cost to participate in this activity.

#### **Cancellation Policy:**

You will be notified via email if the activity is cancelled.

#### **Commercial Support:**

There is no known commercial support for this activity.

The Extremity Trauma and Amputation Center of Excellence  
(EACE) is proud to host the monthly

## Limb Trauma Educational Series

Ignacio Gaunaurd, PT, PhD, MSPT

**Topic:** Amputation Related Care Research:  
Year in Review

**Presenter:**  
Ignacio Gaunaurd, PT, PhD, MSPT

**Live Session:** June 24, 2026, at 12:00 PM ET

This session will highlight the care of individuals with limb amputation is rapidly evolving as new technology, outcome measures, assessment tools, intervention strategies, and research are developed, studied, and published in peer reviewed journals. With the demands of clinical care (and research), it's difficult to keep up with all the great work that is published monthly in order to stay relevant with the newest evidence-based clinical interventions and data that you can implement in your practice or lab. This is our speed-dating version of journal club, providing you with an update on research published over FY2025 and part of FY2026.
