Getting Started Tutorial

1. You must create an account in the Continuing Education Management System (CMS). If you already have an account, you need to log into your account. www.dhaj7-cepo.com

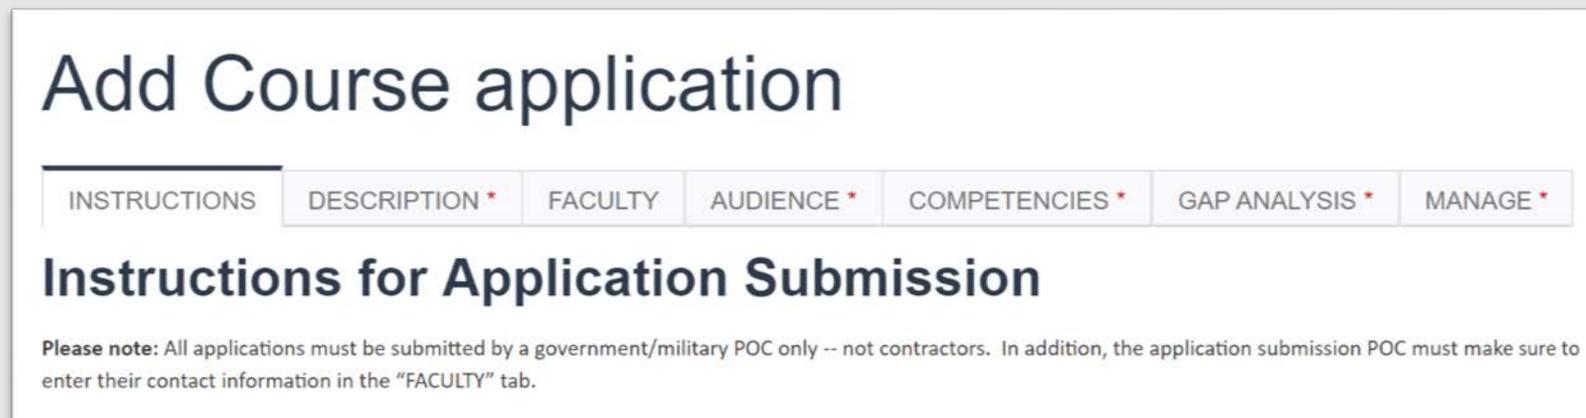

NOTE: If your application is approved, stakeholders for your course, such as speakers, will also need to create accounts in the CMS and complete their biography.

2. Once you are logged in, click on the CE Activity Application tab found in the main menu.

Along the top of the application there are tabs that categorize the different information that is required to complete the application.

The screenshot shows the 'Add Course application' interface. At the top, there is a navigation bar with seven tabs: INSTRUCTIONS, DESCRIPTION *, FACULTY, AUDIENCE *, COMPETENCIES *, GAP ANALYSIS *, and MANAGE *. The INSTRUCTIONS tab is currently selected. Below the tabs, the heading 'Instructions for Application Submission' is displayed. A note below the heading states: 'Please note: All applications must be submitted by a government/military POC only -- not contractors. In addition, the application submission POC must make sure to enter their contact information in the "FACULTY" tab.' A large blue arrow points from the right side of the image towards the tabs.

3. In order to save a draft version of your application, you are required to fill out a minimum of
- Course Title (on the INSTRUCTIONS tab)
 - Course Dates (on the DESCRIPTION tab)
 - Activity Type (on COMPETENCIES tab)

Once this information is filled out, you can click the Save Draft button at the bottom of the application. We recommend clicking the Save Draft button after making changes to your application.
