Family Advocacy Staff Training Advanced - Partner Abuse (10.00 clock hours)

Course Description: This one-week course is designed to develop the skills of clinicians, counselors, and other professionals who provide assessment, treatment and preventive services in the Family Advocacy Program (FAP). Training will assist participants in developing intervention programs for individuals, groups, and couples who are experiencing abuse or who are at risk of abuse.

1330-1600 (ET)

Learning Objectives:

1. Demonstrate Collaboration: Foster partnerships between different agencies to create a unified approach in assisting families dealing with domestic violence.
2. Apply Awareness: Education, training and collaboration on best practices along with current research and developmental innovations in the domestic violence field.
3. Describe Best Practices: Highlight successful prevention methods and interventions in domestic violence, encouraging the adoption of evidence-based practices across disciplines.
4. Utilize Treatment Methods: Discuss the use of interviewing techniques and treatment methods that will assist in treating the whole familial unit.
5. Analyze Research and Development: Encourage collaboration on research initiatives that address behavioral health and domestic violence issues specific to military personnel.
